## Greatest Dot-to-Dot “Match-up” Dots Instructions

Connect matching numbers, letters and symbols to each other. Each dot may have multiple connections. The individual lines will finally reveal an image when they're all connected. We have started the puzzle for you. Follow the example and finish.

- Connect **b** to **b** .....
- Connect **14** to **14** - - - -
- Connect **\$** to **\$** ————
- Connect **a** to **a**
- Connect **z** to **z**
- Connect **6** to **6**
- Connect **42** to **42**
- Connect **¥** to **¥**

After connecting all the numbers, letters or symbols you should have a basic shape.

Sincerely,
