Beyond the Dots – Butterfly/Flower Extra Coloring Connections

This is an addition to our Butterfly on a flower puzzle from “The Greatest Dot-to-Dot Super Challenge” Book 7, page 43. These additional connections will make for more dimension in your coloring. Solve the puzzle first the regular way and then follow these instructions. Each Number Set connects two dots only. The first connection is ●3 → ●76. Connect the two dots, check off the box, and continue to the next connection.
