## Beyond the Dots - Spooky Mansion Extra Coloring Connections

This is an addition to our Spooky Mansion puzzle from "The Greatest Dot-to-Dot Adventure Book 1," page 40. These additional connections will make for more dimension in your coloring. Solve the puzzle first the regular way and then follow these instructions. Each Number Set connects two dots only. The first connection is ●1 → ●300. Connect the two dots, check off the box, and continue to the next connection.
